

Trade-in certificate: Keeler ultrasound and cryo products

After purchasing an ultrasound or cryo device, and we do not have your unit in for repair, please complete this form. Any product received without this certificate and invoice copy, will void the discount. See page 2 of this document for detailed instructions, terms, and conditions. Please contact us at 1-800-523-5620 for any questions.

Trade-in details

Program overview

This program allows you to send in a product of **any** make or model (Accutome or non-Keeler devices) and receive a discount off a brand new ultrasound or cryo device. The discount you receive will be 10% off MIP pricing for any of the following products: 4Sight, AccuPen, PachPen, A-Scan, B-Scan, UBM, Keeler Cryomatic MKII, and Keeler Cryomatic re-usable probe. For the cryo system and 4Sight system a console as well as a probe must be sent in to receive the 10% off.

Terms and conditions

Program terms

You have a maximum of 60 days from the date of your distributor invoice to apply for your discount, which includes Keeler receiving your traded-in products within this 60 days.

Offer ends March 31, 2023 (your purchase must be completed by this date).

Trade-in product condition

Trade-in products do not have to be functional but must be returned with all the components intact. All trade-in units will be checked upon receipt, and you will be notified if the trade-in does not meet the trade-in requirements.

Customer responsibility

After purchasing the product:

- Enclose the completed trade-in certificate, and
- Enclose a copy of your invoice and the trade-in product to:

Keeler USA
Attn: Receiving Department/Trade In.
3222 Phoenixville Pike, Bldg. 50
Malvern, PA 19355

Any product received without the trade-in certificate or copy of the invoice will not be approved for the discount. Any trade-in that does not meet the terms outlined will be handled as follows: the customer will be re-invoiced the value of the trade-in amount given at the time of sale.

The customer is responsible for packaging your trade-in products for shipment and returning them to Keeler.

Keeler's responsibility

Upon receipt of the trade-in certificate, invoice and product, Keeler will:

- Inspect the products for validation.
- Log in trade-in certificate via email to Customer Service Manager.
